hey,I'm I chinese student,I am studing in bachelor(freshman),I wanna study abroad in German and enroll computer science college.As it happens,I see your school website,I think fh in more appropriate for me,and I have done lots of intership,be familiar with programming language(c,go,js) and program experience,I usually contribute to github opensource so that I accumulate a lot technology

so,I have some problems that about postgraduation admission qualification I want to know:

1.after I get c2 certification and undergraduate,are there any other requirements that your school need

2.if have,can your post me ,and describe details?

3.the tuition fee I dont know,can you tell me how much is it?

3.I will be grateful if your call me back,thanks!!!!

Hello,

thank you for your e-mail and your interest in our Informatik B.Sc.(Computer Science) study programme.

**Are you planning to Study in Germany? Find basic information and things you need to know!**

If you wish to study at a German university, you will need a university entrance qualification (Hochschulzugangsberechtigung). This is a school-leaving certificate which qualifies you for university study. You can check whether your school-leaving certificate is recognised in Germany using the uni-assist tool:

<https://www.uni-assist.de/en/tools/check-university-admission/>

If your certificate is not recognised in Germany, you can get the entrance qualification to German universities by completing a foundation course ("Studienkolleg"). Maybe you can check out our Freshman programme as well!

You can find the specific admission requirements for the Informatik B.Sc.(Computer Science) course here, or in the examination regulations found here. The examination regulations provide a framework for your study and are legally binding.

**How to apply for a bachelor study programme?**

Please use the uni-assist online portal to apply for all undergraduate degree programmes. Uni-assist will check if you are permitted to study the course for which you applied. This also applies to graduates of a Studienkolleg.

**Which language certificates are required? (15<sup>th</sup> of july)**

For **applications** via uni-assist, applicants must provide proof of knowledge of the German language at a minimum level of DSH-1

- or Goethe-Zertifikat B2,
- or telc B2
- or Test DaF (4x3).

In addition you need a confirmation of registration/participation for examination or course in DSH-2,

- or Goethe-Zertifikat C2,
- or TestDaF (4x4)
- or telc Zertifikat C1 Hochschule examination or course.

These documents must be submitted along with all other application documents.

For **enrolment**, you need to submit a German language proficiency certificate DSH-2

- or Goethe-Zertifikat C2,
- or TestDaF (4x4)
- or telc Zertifikat C1 Hochschule).

It has to be submitted by the 30<sup>th</sup> of September at the latest.

**Be advised that application to the Informatik B.Sc. (Computer Science) course is only possible for the winter semester. You can find the application deadlines for this course here.**

To enrol for the study programme you have to take part in an Online Self Assessment (OSA) and print out the confirmation of participation. **The confirmation of participation is a requirement for enrolment/registration!** You can find the OSA on the application website of the study programme in the following link: <https://osa5.fh-aachen.de/>

Be advised that changes relating the application process or/and entry requirements may occur in the future. Therefore, we kindly ask you to check the respective information pages at the time of your application.

**Semester fee** for the summer semester 2023 is **324,62 €**. Please note that the fee varies slightly each year. You can find more information on the "Social Contribution and Student Activity Fee, incl. Semester Ticket" here.

Unfortunately, FH Aachen does not give out conditional admission letters. You will need to apply for a course of study through uni-assist. As part of the application process, your documents will be examined. After this, you will receive a reply whether an admission is possible or not.

German language exams (DSH and TestDaF) can be taken in Aachen at the local language academy.

For questions regarding visas, residence permits or any other formalities relating to your stay in Germany, the following websites may be helpful:

- <https://www.daad.de/deutschland/nach-deutschland/bewerbung/en/9199-visa-application/>

- <https://www.fh-aachen.de/en/university/department-of-international-affairs/international-students-applicants/visa-formalities-and-residence-permit/>

Furthermore, you may find information regarding funding your studies, health insurance or housing at the following websites:

- <https://www.fh-aachen.de/en/university/department-of-international-affairs/international-students-applicants/>
- <https://www.daad.de/deutschland/en/>
- <https://bewerberportal.stw.rwth-aachen.de/app.php/en/>
- <https://www.incas.rwth-aachen.de/site/index.php/en/>
- <http://asta.fh-aachen.org/> (GER)
- <http://www.studentenwerk-aachen.de/de/> (GER)

Do you have any further questions? The Student Service Center is happy to help!

Best regards

Jana K. Hambitzer
